Shri E. P. Varghese : Sir, I move that the Bill be referred to a Select Committee, because this is not a formal Bill which could be passed all of a sudden, without even being sent to the Select Committee. Though there are two Court of Wards Acts now

existing in Travancore and Cochin areas this is consolidating both the Acts. This Bill with 76 sections is an important Bill. It is not an ordinary Bill like the Bills which have been just now passed. It involves a bit of serious thinking and every section has to be gone through.

Shri A. Chidambaranatha Nadar : If the House agrees, I am prepared to accept the position that the Bill be referred to a Select Committee.

Shri E. P. Varghese : Yes. So, I move that the Bill be referred to a Select Committee. This is not a Bill which is formal with ordinary small provisions which could be considered on the spur of the moment and passed. Though this is a compilation of the two Acts now existing in the two portions of the State, still, there are certain amendments made, as can be seen from the statement of objects and reasons. "It is proposed to enact a uniform law which will apply to the whole State for the assumption of superintendence of the person and property of persons incapable of managing their affairs and to repeal the Court of Wards Acts now in force in the Travancore and Cochin areas." There are also some changes proposed. This is it. "It is also proposed to constitute the Board of Revenue as the Court of Wards and to make suitable provisions to cure certain defects found in the working of the existing Acts." I think in fairness to this House it should be sent to a Select Committee and considered. Though most of the 76 sections are found in the existing Acts, it is a very important Act and there are some substantial changes made. So, I feel that this Bill should be sent to the Select Committee, and its report may be got and then the Bill may be considered and passed. Further, there is no hurry about the Bill, because such Acts exist in both portions of the State.

Shri P. S. Nataraja Pillai : I support the motion of Shri E. P. Varghese. I think a Bill of this nature which involves substantial rights, the right of administration of properties of the minors by the court of wards, etc., should receive the serious deliberation and consideration of the House. When it is also proposed to have the novel arrangement to make the Board of Revenue the Court of Wards, it is all the more necessary that the Bill should be referred to the Select Committee. I would, therefore, request the Treasury Benches to send the Bill to the Select Committee and have it properly scrutinized.

Shri A. Chidambaranatha Nadar : In the light of the suggestions made I have no objection to refer the bill to a Select Committee and I move that the Bill be referred to a Select Committee consisting of the following Members :
